Kim & Rhee's Vision and Mission

Client-focused legal services built on expertise and trust

Litigation 

- Achieving litigation goals through the highest level of expertise
- Reducing client costs through optimal litigation strategies

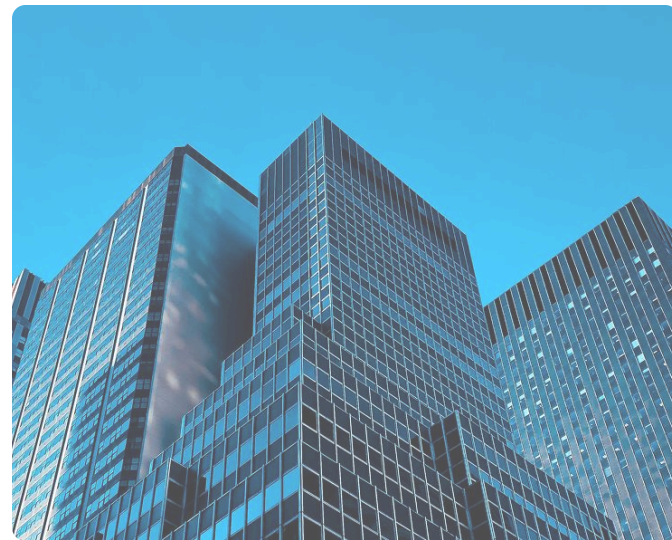

Advisory 

- Helping clients manage and minimize legal risk
- Ensuring client satisfaction through tailored legal services

Global 

- Building a global service network through 24-hour legal services
- Serving as a legal partner for clients' global expansion

Kim & Rhee Corporate Services

Corporate, Commercial & Compliance

- Preventing legal issues from business planning to securing payment
- Supporting compliance management and resolving legal disputes

Construction & Real Estate

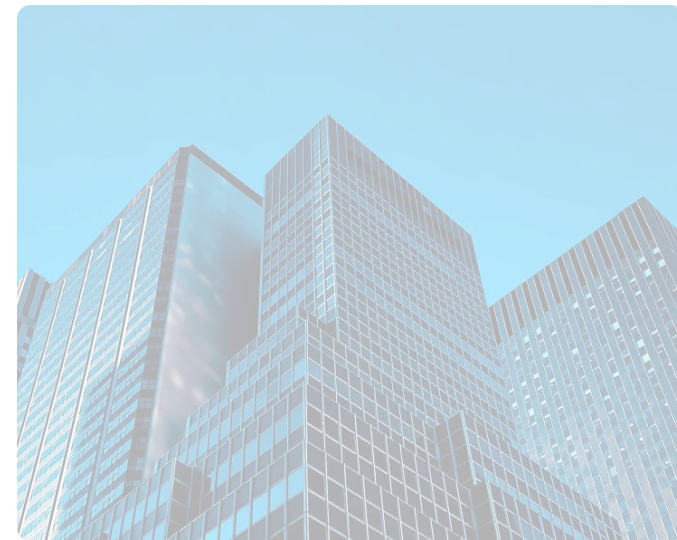

- Advising on real estate sale, purchase, contracts, and real estate project financing
- Supporting construction contract, resolving construction defect & management issues

Trade & International Transactions

- Reviewing transactions to minimize risks under international trade law and regulation
- Supporting imports to Korea: customs and clearance matters, country-of-origin issues

Corporate Legal Affairs Cases

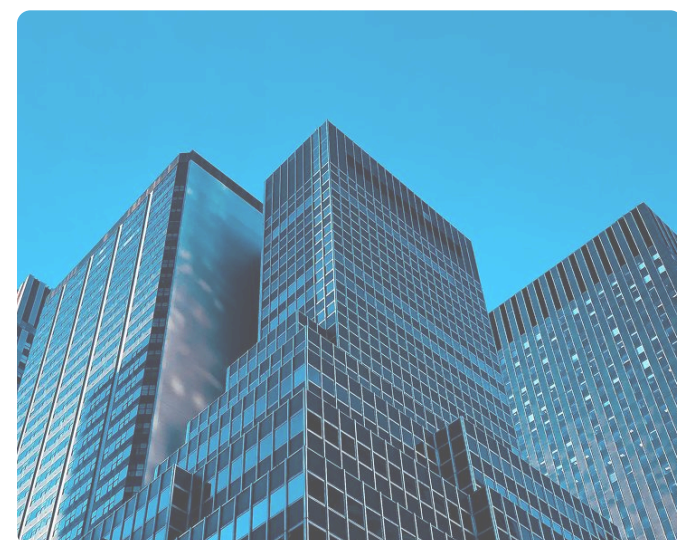

Contracts and Business Review

- Reviewing sale, service, outsourcing, and project-specific contracts
- Advising startups, new-business regulations, and drafting terms and conditions

Corporate Compliance

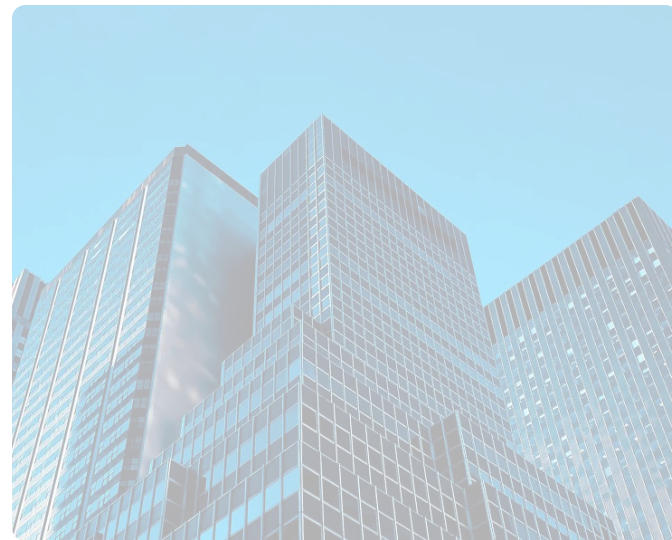

- Responding to matters under the Fair Trade Act and other corporate laws and regulations
- Advising on board matters, shareholders' meetings, and investor disputes

Debt Collection and Litigation

- Representing in pre-litigation payment negotiations and resolving monetary claims
- Handling lawsuits involving unpaid receivables and enforcement proceedings

Corporate Legal Advisory Cases

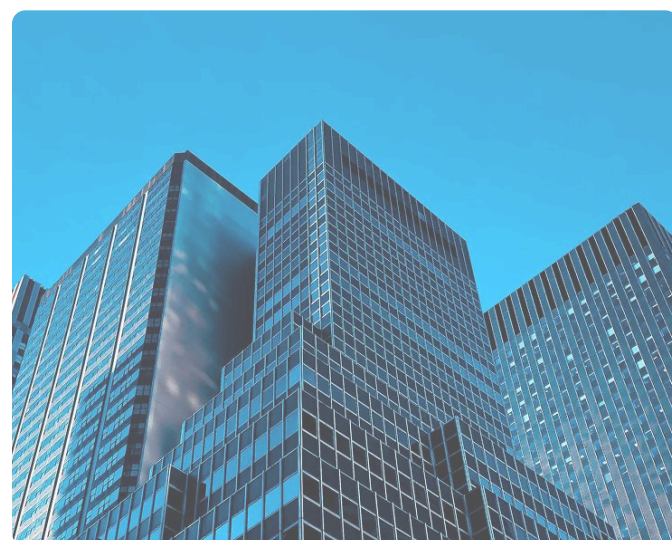

M&A Support

- Advising on share purchase agreements, business transfers, and equity investment
- Supporting governance of family-owned corporations and defending ownership

Corporate Tax Issues

- Domestic tax: corporate tax consulting, tax audits, and tax appeals and litigation
- Customs: customs consulting and audits, and customs and refund appeals and litigation

Special Contract Advisory

- Advising on consortium & partnership arrangements and marketing projects
- Advising on domestic and global IP use and supporting AI and tech startups
- Advising on government-related projects, including B2G, G2B, and G2G projects

Construction & Real Estate Cases

Construction Subcontract Advisory

- Drafting subcontract agreements according to business plan
- Resolving subcontract disputes, payment litigation, and subcontract mediation

Response to the Serious Accidents Punishment Act

- Establishing task forces responding to the Serious Accidents Punishment Act
- Advising on compliance under the Serious Accidents Punishment Act

Construction & Real Estate Business Support

- Assisting with permits and approvals for construction projects
- Reviewing construction projects in restricted development zones
- Advising on logistics complexes, warehouses, PDI facilities, and harbor & free trade zones

Construction & Real Estate Cases

Construction Defect Matters

- Handling defect matters involving buildings, interiors, and factory and land facilities
- Litigating construction defect claims and mediating small-scale defect disputes

Real Estate Sale, Purchase, and Pre-Sale Disputes

- Handling disputes over real estate purchase agreements and payments
- Advising on real estate transaction financing and construction project financing (PF)

Lease Matters

- Handling lawsuits seeking the return of lease deposits and other lease-related litigation
- Resolving numerous commercial lease and residential lease matters before litigation

International Transactions Cases

Advisory Services for New International Transaction Businesses

- Supporting trade in steel, resources, electric vehicles, solar panels, and medical devices
- Advising global startups on international investment and overseas market entry

Import and Export Issues

- Responding to foreign exchange, B/L·L/C, import/export regulations, and trade remedies
- Supporting customs clearance, tariffs, and country-of-origin matters

SME Support

- Reviewing international transaction contracts and projects for SME
- Handling international disputes and resolving overseas unpaid receivables
